Indoor Air Quality – Perception vs. Reality \$150

We will provide you with the tools that you need to work with employees and business owners to resolve Indoor Air Quality complaints quickly and efficiently before they blossom into something bigger. This full-day course is designed for Facility Directors, School Administrators, Building Owners, Human Resource, and Safety Personnel, and will focus on what contributes to poor Indoor Air Quality and how to take a proactive approach to resolving complaints and initiate the investigative process.

Course Dates:

Mar 11 8 am – 12 pm
Aug 24 8 am – 12 pm

Attend this course and receive a 10% discount on an Indoor Air Quality Assessment sponsored by The Scott Lawson Group, Ltd.

10-Hour OSHA Construction Safety \$250

If your work involves construction on any New Hampshire state, city, or town project totaling over \$100K, you are required to take this course. SLGL's authorized OSHA Outreach Trainer will cover the fundamental components of working safely in the construction industry, Introduction to OSHA, Electrical Safety, Fall Protection, and more. Upon successful completion of the course, participants will receive their 10-Hour Construction Safety Training wallet card, as issued by OSHA.

Course Dates:

Mar 17-18 8 am – 4 pm

Inspector at the Door: What Next? \$150

Whether they are from OSHA, NHDOL, or another agency, pre-planning is critical for a smoother and less stressful outcome. This course will provide insight as to the "do's and don'ts" of an inspection by covering: what to expect; how to set-up a group for action; what materials/documentation to have available; asking the proper questions; and when to call for assistance. Timing is never perfect for a knock at the door, with advance preparation your audit will provide you with the "peace of mind" to know that when it happens you are ready.

Course Dates:

Apr 1 8 am – 10 am
Oct 19 8 am – 10 am

Attend this course and receive a 10% discount on an OSHA Mock Audit at your facility sponsored by The Scott Lawson Group, Ltd.

16-Hour Asbestos Operations & Maintenance \$300

This 2-day course provides participants with the knowledge to safely deal with small-scale, short duration projects without needing to hire an Abatement Contractor. Under the Federal Regulations, AHERA (schools), OSHA, and EPA require maintenance personnel conducting projects to receive this necessary training.
